

# MX MERCHANT

Accept payments, manage billing,  
track sales, **and** engage customers

MX Merchant is a dynamic  
payments ecosystem that  
streamlines your workflows  
and supports every critical  
aspect of running your  
business.

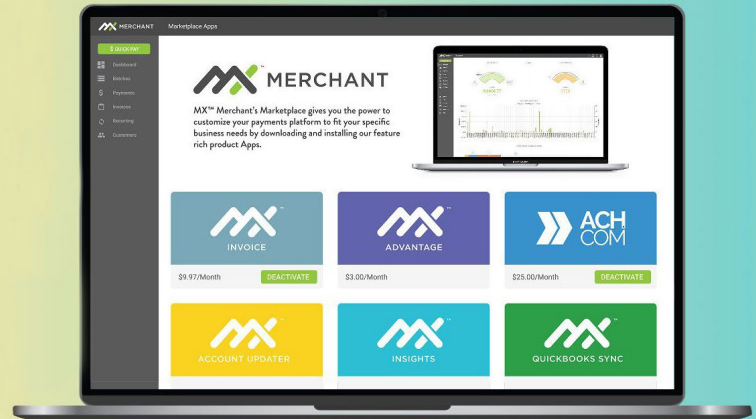

MX Merchant is...

*...not just a gateway.*

*...not just a  
dashboard.*

*...not just a way to  
view account activity.*

MX Merchant is a powerful  
platform for payments and  
business management.

- Process payments anywhere — including credit cards, cash and/or checks in one transaction — directly from your MX Merchant account.
- View daily payments in real time, or analyze trends to see what's most popular over time.
- Track customer behavior and identify spending patterns.
- Get detailed reporting on deposits, settlements, chargebacks, billing activity, and monthly statements.
- Customize your platform with add-on apps such as ACH, Invoicing, Business Analytics, and Inventory Management to create a solution that fits your business.
