PAYA CONNECT

A full suite of back office and custom payment management tools

Paya Connect is an all-in-one virtual payment solution, providing you with a single, secure platform to meet your acceptance needs.

Customers pay the way they want:

- **Credit and debit cards**
- **ACH and EFT** (with optional guarantee)
- **FSA acceptance** (for out-of-pocket heath care costs)

- Easily process transactions no matter how your customers present payment — over the phone, in-person or online.

- Set up automatic recurring payments for repeat customers.

- Electronic invoicing with the option to email customers with a direct payment link.

- Optional EMV reader for in-person transactions.

- Manage and process multi-locations from one centralized dashboard.

- The Paya Vault securely stores customer card data, information and past transactions.

Additional fees may apply for some services.
