

CLOVER STATION

A point of sale system designed to make things easy

The Clover POS station makes running your business a breeze.

- Take orders and accept payments.
- Organize inventory and manage your team.
- Grow your customer base.

And with accessories like a Clover Mini or a Clover Flex, you can configure the Clover Station however you'd like to build your perfect POS system.

- Accept magstripe, chip or contactless cards — plus digital wallets like Apple Pay.
- The 14" high-definition display swivels to become customer-facing, making your time at the station fast and easy.
- Go table-side by adding Clover Flex.
- Clover Dashboard is your center of operations, from sales and inventory to promotions and business reports.
- Connect your Clover POS to best-in-class services and apps.
- Oversee your team with custom admin functions, manage schedules and see register activity.

Additional fees may apply for some services.
