- Accept payments anytime, anywhere using your phone or tablet, a Bluetooth-connected card reader, and your device's data or Wi-Fi connection.
- Whether your customer pays by chip, swipe, contactless tap, or mobile wallet like Apple Pay, MX Merchant Express processes each transaction quickly, securely, and in real time.
- Available for both iOS and Android, the app is compatible with hundreds of supported Apple and Android devices.
- Customize the checkout experience with tip prompts, signature capture, digital receipts, fonts, and more.
- Add the optional MX Advantage for Surcharging, which automatically applies a fee to credit card transactions so you can recover processing costs while remaining compliant with industry regulations.
