

CLOVER STATION DUO

A powerful point of sale for both sides of the counter

Clover Station Duo was designed to be the customer-friendly point of sale that is ready to go right out of the box. Featuring a screen for you and one for your customers to confirm their orders and initiate their own payment.

Clover Station Duo comes with:

- High-definition 14" merchant-facing touch screen
- 7" customer-facing touch screen
- High-speed receipt printer

- Accept magstripe, chip or contactless cards — plus digital wallets like Apple Pay.
- Takes orders and payments as fast as your customers expect — whether in a retail or restaurant setting.
- Go table-side by adding Clover Flex.
- Clover Dashboard is your center of operations, from sales and inventory to promotions and business reports.
- Connect your Clover Station Duo to best-in-class services and apps.
- Oversee your team with custom admin functions, manage schedules and see register activity.

Additional fees may apply for some services.
