

SwipeSimple MOBILE PROCESSING

Mobile card readers for every merchant

Accept payments anywhere with the SwipeSimple Mobile App, card reader and any Android or iOS mobile phone or tablet.

- Choice of card readers provide options for accepting EMV chip cards, swiped payments and NFC contactless payments.
- Superior cloud-based platform that delivers real-time data and analytics to help you make better business decisions.
- Manage accounts, view/update inventory, set up recurring billing and create custom branded receipts, all within the SwipeSimple Dashboard.
- SwipeSimple card readers encrypt card information before it enters the mobile device, protecting sensitive data.
