

NUVEI PAY CENTER

The payment platform that saves time and money and gets you paid fast!

The Nuvei Pay Center is a robust contactless payment platform that allows businesses to get paid easily and efficiently through multiple channels. Numerous payment and invoicing options make all kinds of transactions simple for you and convenient for your customers.

Features Include:

- **Smart Invoicing** - In just one simple step, create custom invoices and schedule payments with automatic discounts, fees and sales tax.
- **Payment Requests** - Send customers a payment request via text and/or email and get paid fast.
- **Payment Links** - Create and share payment links, "Buy Now" buttons and QR codes to sell product or services online.
- **Recurring and Automatic Payments** - Set up scheduled billing with custom payment frequencies and cycles.
- **Hosted Payments** - Accept credit card payments on your website securely and quickly.
- **Virtual Terminal** - Process card-not-present transactions from anywhere.
- **API Integration** - Onboard new merchant accounts, send payment requests and generate payment links all within a single easy-to-use API.
