

DESK/3500, DESK/5000, MOVE/5000

Smart terminals designed to integrate with your back office software

Desk/3500

Desk/5000

Move/5000

Open your countertop to a world of *smarter* payment opportunities.

- Desk/3500, Desk/5000 and Move/5000 payment terminals integrate with the MX™ Merchant Gateway. Access to instant, real-time reporting is included and additional processing features are available to expand your business — all within the MX™ platform.
- All forms of electronic payments are supported, including EMV chip & PIN, chip & sign, magstripe, signature capture and NFC/contactless.
- Each terminal has a dedicated customer-facing NFC card reader for faster transactions to keep your business and customers moving.
- All devices are PCI-PTS 5.x certified and satisfies the latest hardware and software security requirements.
