CLOVER STATION SOLO

A point of sale system designed to make things easy

The Clover Station Solo makes running your business a breeze.

- Take orders and accept payments.
- Organize inventory and manage your team.
- Grow your customer base.

And with accessories like a Clover Mini or a Clover Flex, you can configure the Clover Station Solo however you'd like to build your perfect POS system.

- Accept card payments at the point-of-sale with an integrated card reader and swiper.
- Take orders over-the-phone with card payments keyed into the virtual terminal.
- Go table-side by adding Clover Flex.
- Clover Dashboard is your center of operations, from sales and inventory to promotions and business reports.
- Connect your Clover Station Solo to best-in-class services and apps.
- Oversee your team with custom admin functions, manage schedules and see register activity.

Additional fees may apply for some services.
